NOTICE ON EXPIRED DRUGS, FOOD ITEMS AND CHEMICAL SUBSTANCES IN DENTAL CLINICS

Expired Consumables and Other Items

All dental clinics are advised to identify and safely segregate expired drugs, consumables, food items and chemical substances within their premises to prevent accidental use or exposure.

Please observe the following:

- Clearly label all expired items **"EXPIRED – NOT FOR CLINICAL USE."**
- Store expired items separately from usable stock pending disposal.
- Make arrangements with licensed waste management service providers for timely collection and safe disposal.
- Ensure that expired items are not used for clinical purposes or otherwise made available for use.

Your cooperation in observing these measures is appreciated as part of maintaining safe clinical environments and responsible waste management practices.

Kind regards,

OFFICE OF THE SECRETARY GENERAL
